

Wine cooler Metos TFW160-2S

Product information

Artikelnummer	4116820
Productnaam	Wine cooler Metos TFW160-2S
Afmetingen	595 x 570 x 820 mm
Gewicht	50,000 kg
Capacity	38 bottles 0,75
Technical information	220-240 V, 13 A, 0,16 kW, 1NPE, 50 Hz, 40 dB
Type of the refrigerant	R-600a
Quantity of refrigerant [g]	35

Description

The wine cabinet Metos TFW160-2S is designed for the aesthetically attractive display of wine bottles and for storing them at an appropriate temperature.

The wine cabinet Metos TFW160-2S has a net volume of 131 litres and holds 38x 0.75 litre bottles. The cabinet has two individually adjustable modes with adjustable temperatures of + 5°C to + 10°C / + 10°C to + 18°C. Temperature control and display are located inside the unit. The fans provide a constant cold air circulation throughout the cabinet. The refrigerant is environmentally friendly R600a.

The wine closet has six wooden shelves. LED illumination gives bright and even light and brings drinks to the fore. The light has a separate

switch, so closing it does not turn off cabinet cooling.

The exterior and interior liner of the appliance is black-painted. The right-hand tinted glass door frames and the entire door handle length are stainless steel. The door's handedness is interchangeable. Smooth surfaces, removable shelves and automatic defrosting make it easy to keep the device clean.

- glass door, whose handedness is interchangeable
- with lock
- capacity 38 pices/750 ml bottles
- net volume is 131 litres
- two individually adjustable modes with adjustable temperatures of + 5°C to + 10°C / + 10°C to + 18°C
