Espresso machine Rancilio 5 USB 2GR Compact Tall C

Product information

SKU	4157708
Productnaam	Espresso machine Rancilio 5 USB 2GR Compact Tall C
Afmetingen	610 × 540 × 520 mm
Gewicht	48,000 kg
Technical information	400 V, 10 A, 4,95 kW, 3NPE, 50/60 Hz, 70 dB CW: G3/8 Drain: ø 14 mm

Description

Metos Classe 5 is an automatic espresso machine. Its dimensioning allows dispensing into tall drinking glasses and take-away mugs (maximum height 14.5 cm). In the design of the Compact models, special attention has been paid to efficient use of space. The espresso machine with two coffee groups, two steam taps and a hot water tap is only 610 mm wide. The device is well suited for use in, for example, a small café, restaurant or hotel,

Clear buttons and built-in automation make it easy to use. Thanks to the ingenious C-lever steaming function, the frothing of the milk can be carried out quickly and accurately exactly according to the wishes of the barista. Turning the steam lever up 25 degrees provides a continuous steam supply. By turning down, the user can influence the flow rate. Steam flow stops when the grip on the lever is released. Black side panels, shiny stainless steel that dominates the front and clearly

distinguishable steam tap levers give the machine a stylish look.

- two filter holders, two steam taps and a hot water tap
- possibility to use tall (<14.5 cm) drinking glasses and regular cups
- C-lever steaming function to speed up milk frothing
- boiler size 5 liters
- separate gauges for boiler and pump pressures.
- USB port
- black ABS plastic side panels protect the machine from knocks
- front panel in mirror-polished stainless steel
- clear and easy to use keyboard
- independent filter holders
- to facilitate maintenance, the technical components are positioned so that they can be exposed by removing the panels from the front of the device

DELIVERY INCLUDES:

- two ergonomically shaped filter holders for one cup and two cups
- a pull-out dosing level that allows the low cups to be brought to the correct dosing height
