Food transport trolley Metos Thermobox C120

Product information

SKU	4216474
Productnaam	Food transport trolley Metos Thermobox C120
Afmetingen	525 × 830 × 1215 mm
Gewicht	60,000 kg
Capacity	8 x GN 1/1-65
Technical information	50/60 Hz

Description

Metos Thermobox C120 food transport trolley is an efficient solution for cold storage and transportation of cold food. The uncompressed, active cooling of the C-trolley ensures safe and high-quality conditions for the cold food. The temperature control unit is located at the top of the trolley and has a large digital temperature display.

The trolley is insulated with polyurethane, which expands under high pressure and unites the trolley's construction and the inner chambers into a strong and well-insulated unit. The trolley's energy-efficient insulation ensures safe and high-quality conditions for storage and transport of food.

The trolley can be used in small spaces. The trolley is easy to clean as its inside is completely made of stainless steel and has pressed GN guides without any joints. Large rubber wheels as well as bumpers and ergonomic handles around the stroller make the stroller easy to handle

and light. The robust door can be opened comfortably by pulling the handle, which is integrated in the frame. The door opens to the side, 270 degrees.

- the capacity is 8xGN1/1, inner dimensions: 330x540x670 mm, guide distance 80 mm
- temperature range +1°C...+9°C
- four hot-dip galvanized steel 160mm wheels with rubber tires, two swiveling with brakes and two fixed without brakes
