Install Griddle Metos SH/GR/IN 5000 400V3~

Product information

SKU	4231632
Productnaam	Install Griddle Metos SH/GR/IN 5000 400V3~
Afmetingen	542 × 400 × 159 mm
Gewicht	24,000 kg
Capacity	Grill area 486 x 345 mm
Technical information	400 V, 16 A, 5 kW, 3NPE, 50 Hz

Description

- Patented Realtime Temperature Control System, enables temperature-controlled grilling with contactless temperature measurement and control in real time
- Specially developed induction griddle with HPCR-Inox surface treatment
- The temperature of the complete grilling area is measured, controlled and monitored
- Instant control of the grilling temperature
- State-of-the-art SMD technology, controlled via a microprocessor
- Maximum convenience and operating safety thanks to various protection and monitoring functions
- Electronic monitoring of the energy supply
- Temperature adjustment from 50° C - 230° C, digital display
- Short heating-up time from 20° C - 200° C in 3½ minutes
