Condensing unit Metos WD-6CW and Heat exchanger

Product information

SKU	4246086
Productnaam	Condensing unit Metos WD-6CW and Heat exchanger
Afmetingen	mm
Gewicht	54,000 kg
Technical information	400 V, 25 A, 12,9 kW, 3N, 50 Hz CW: 1/2" Drain: ø 50 mm

Description

Heat exchanger

- state of the art solution with minimum lossed to drain
- saves approximately 34% energy or 0.11 kWh per basket

Steam condensing unit

- improves the room temperature and working environment
- reduces the need for external ventilation and ideal for areas with poor external extraction
- saves approximately 9% of energy or in combination with heat exchanger 0.13 kWh per rack
- Improves the drying result and easy to clean
- the dishwasher is connected to cold water.
- Not in combination with WD-PRM6/7
- total with WD6 12,9kw , 25A
- Order with WD6 machine from factory
