Pre-Wash machine Metos WD-PRM7A, 400V3N~

Product information

SKU	4246103
Productnaam	Pre-Wash machine Metos WD-PRM7A, 400V3N~
Afmetingen	660/770 × 657/720 × 1540/2080±25 mm
Gewicht	105,000 kg
Capacity	a. 50 racks/hour
Technical information	400 V, 10 A, 0,90 kW, 3NPE, 50 Hz, 64 dB CW: R1/2" Drain: ø 50 mm

Description

- hood-type pre-rinse machine
- The minimum cold water pressure in the automatic hood lifting system is 300 kPa.
- replaces the manual pre-rinsing that often gives occupational injuries.
- the unique reusing of excess wash water gives significant savings of total amount used water.
- highly effective pre-rinsing and soaking of the wash wares gives improved wash results.
- program starts automatically when basket is detected into machine
- automatic hood lift and closing improves ergonomy and working environment in dishwashing
- noise and heat insulated
- basket size 500x500mm

Optional accessories:

- connection kit between PRM and WD-7A, L=130mm 4246108
- connection kit between PRM and WD-7A, L=300mm 4246109
- connection kit with cabinet between PRM and WD-7A, L=300mm 4246110
