Granite enamelled container Metos Rational GN2/3-60

Product information

SKU	4342344
Productnaam	Granite enamelled container Metos Rational GN2/3-60
Afmetingen	354 × 325 × 60 mm
Gewicht	1,000 kg

Description

The granite-enameled container is almost indestructible. The corners of the container are fully contoured so that no portions are lost when baking cakes or gratins. Thanks to the excellent heat conductivity, the food is browned uniformly, whether it is a crispy escalope, a juicy roast or a soft tray-bake cake.
