Description

Convection oven Metos Bistrot Snack 434-12 is a powerful, compact, easy to use mechanically controlled oven for cooking and baking bakery products.

You can use this handy Metos Bistrot Snack 434-12 convection oven for baking up to four full trays at a time. Its powerful fan will distribute the hot air within the oven space evenly, resulting in an even baking result on each tray. The size of the baking tray is 460x330 mm and the runners pitch is 75 mm.

This oven is easy to use with the help of two manual control knobs, one of which controls the temperature between 0 °C and 260 °C, while the other one controls the oven operational time between 0 and 120 minutes. The oven is also equipped with a manual humidifier with a separate control switch.

The oven has a glass door and an inner light in the oven chamber, so you can easily follow the products while baking without opening the door. Stainless steel structure and removable runners make it easy to keep the oven clean.
