Espresso machine Metos Green Plus 3GR Black LED ESM

Product information

SKU	4157906
Productnaam	Espresso machine Metos Green Plus 3GR Black LED ESM
Afmetingen	861/1005 × 310/530 × 560 mm
Gewicht	93,000 kg
Technical information	400/230 V, 6 kW, 3NPE, 50/60 Hz, 70 dB CW: 3/8 Drain: ø 14 mm

Description

Metos Green Plus 3GR LED (black) is an espresso machine that is suitable for demanding professional use Thanks to three coffee groups and two milk steam taps, the capacity of the device is sufficient even at peak times. Thanks to the Easy Steam steaming function in the device, the frothing of the milk can be carried out quickly and accurately exactly according to the wishes of the barista. Turning the selector dial up produces continuous steam production. By turning it down, the user can influence the flow rate. Steam flow stops when the dial is released.

The automation monitors the functions of the appliance and starts the automatic cleaning every ten doses of coffee. Each coffee group has its own control technology, so other groups can be used while one is being cleaned.

The black side panels, the shiny stainless steel that dominates the

front and the white LED lighting of the buttons give the machine a stylish, cool look. The LED lighting of the work area improves work ergonomics and makes the machine stand out from the dark background. An instructive LCD display makes the device easy to use, clean and maintain. The display tells the user the following information: boiler temperature, start settings and weekday settings, number of cups made, water consumption, fault messages, scheduled maintenance, automatic cleanings. In addition, the device has separate gauges for boiler and pump pressures.

- three coffee groups, two steam taps and a hot water tap
- Easy Steam to speed up milk frothing
- an automatic cleaning function that starts every ten cups
- LED lighting in the work area
- boiler size 16 liters
- black painted side panels
- black ABS plastic corner pieces protect the machine from knocks
- sturdy stainless steel frame
- front panel in mirror-polished stainless steel
- clear and easy-to-use keyboard with white LED backlight
- the appliance can clean one coffee group at a time without interrupting the coffee production
- to facilitate maintenance, the technical components are positioned so that they can be exposed by removing the panels from the top and side of the device
