Gewicht	71,000 kg
Technical information	400/230 V, 3 kW, 3NPE, 50/60 Hz, 70 dB CW: 3/8 Drain: ø 14 mm

Description

Metos Club ME 2GR is an automatic espresso machine - a power pack that fits in a small space. This automatic espresso machine with two coffee groups is only 580 mm wide. The compact size of the machine is suitable for making specialty coffees, for example in hotels or small cafes. Advanced automation helps and guides the user both in making coffee and in keeping the appliance clean. The automation monitors the functions of the appliance and starts the automatic cleaning every six doses of coffee. The coffee groups have separate controls, so even if the automatic cleaning for one of the groups is running the coffee production of the other group is not interrupted.

The black side panels and the shiny stainless steel that dominates the front give the cooker a stylish, cool look.

- with two coffee groups, two steam taps and a hot water tap
- an automatic cleaning function that starts every six cups

- boiler size 5 liters
- black painted side panels
- black ABS plastic corner pieces protect the machine from knocks
- sturdy stainless steel frame
- front panel in mirror-polished stainless steel
- clear and easy-to-use keyboard with white LED backlight
- the appliance can clean one coffee group at a time without interrupting the coffee production
- to facilitate maintenance, the technical components are positioned so that they can be exposed by removing the panels from the top and side of the device

DELIVERY INCLUDES:

- three ergonomically shaped filter holders: one for one cup and two for two cups

ACCESSORIES (to be ordered separately):

- filter holder for POD coffee capsules
- water filter
- barista tool set
