Technical information	400/230 V, 3 kW, 3NPE, 50/60 Hz, 70 dB CW: 3/8 Drain: ø 14 mm

Description

Metos Green Compact PU 2GR LED espresso machine is a power pack that fits into a small space. The width of this semi-automatic espresso machine is only 580 mm. The compact package has two coffee groups and taps for steam and hot water. The machine is an inexpensive and space-saving choice for making specialty coffees, for example in hotels and small cafes.

The black side panels, the shiny stainless steel that dominates the front and the white LED lighting of the buttons give the machine a stylish, cool look. The LED lighting of the work area improves work ergonomics and makes the machine stand out from the dark background.

- with two coffee groups, steam tap and a hot water tap
- LED lighting in the work area

- boiler size 5 liters
- black painted side panels
- black ABS plastic corner pieces protect the machine from knocks
- sturdy stainless steel frame
- front panel in mirror-polished stainless steel
- to facilitate maintenance, the technical components are positioned so that they can be exposed by removing the panels from the top and side of the device
- manual cleaning

DELIVERY INCLUDES:

- three ergonomically shaped filter holders: one for one cup and two for two cups

ACCESSORIES (to be ordered separately):

- filter holder for POD coffee capsules
- water filter
- barista tool set
- knock-box coffee waste drawer
- espresso bean grinder
