Steam cleaner Metos Kärcher SG 8/5

Product information

SKU	4000867
Productnaam	Steam cleaner Metos Kärcher SG 8/5
Afmetingen	495 × 640 × 965 mm
Gewicht	40,000 kg
Technical information	220-240 V, , 50 Hz

Description

For sites that require a high level of hygiene, a professional steam cleaner is an incomparably effective solution. The SGV 8/5 steam extractor combines the steam cleaning power with the versatility of a water vacuum cleaner. In challenging applications, it is possible to use detergent in addition to steam to remove dirt. The automatic rinsing function removes detergent residues after use. The self-cleaning function takes care of the hygiene of the appliance, flushing the piping, hoses and pumps at the end of the work. Sturdy equipment with excellent comfort and an easy user interface make working smooth.

- tank capacity 5 l
- steam pressure 8 bar
- equipment: steam hose with handgrip, two steam pipes, floor nozzle, hand nozzle
