Description

The Metos IoLiving Easy Start A is a ready-to-use complete digital HACCP system. An expandable solution suitable for both small and large food service companies. Easy-to-use
solutions for professional kitchens.
Devices are tested and pre-activated for use.

Location and quantity of sensors:
TCL sensors can be used with any cold appliance.
Sensors shall be within 100 meters from the Gateway.
Easy Start A includes 5 pcs of TCL sensors. If there is
a need for more sensors, you can buy additional sensor.
There is no accurate limit but it is recommended
not to have more than 40 sensors with one gateway.
All Metos-ioLiving sensors will work.

Easy Start A set includes:

- 5 pcs TCL temperature sensors, (2xAAA) battery life-time about

13months

- Gateway Indoor with ready internet access wit an included SIM card, powered by the mains supply (230VAC)
- License to the complete HACCP cloud service, valid for 24months
- Spare batteries and a tool required
- Data subscriptions for the SIM card, valid for 24 months

Packaging
Easy Start A is packed into a robust cartoon box. Getting started instruction is included with links to instruction videos. The package is out of 100% recycled material
and can be recycled again.
Dimensions of the box: 380*190*90 mm.

Operating conditions for Gateway
Protection class IP54 (sealed)

- protected from dust; not entirely dust-proof, but collection of dust has been prevented
- splash-protected; must not be submerged into water, or expose to strong sprays of water

Operating temperature: -10°C... +55°C
