Wine cooler TFW80S

Product information

SKU	4116818
Productnaam	Wine cooler TFW80S
Afmetingen	295 × 570 × 860 mm
Gewicht	30,000 kg
Capacity	18 bottles 0,75
Technical information	220-240 V, 13 A, 0,09 kW, 1NPE, 50 Hz, 40 dB
Type of the refrigerant	R-600a
Quantity of refrigerant [g]	25

Description

The wine cabinet Metos TFW80S is designed for the aesthetically attractive display of wine bottles and for storing them at an appropriate temperature.

The wine cabinet Metos TFW80S has a net volume of 57 litres and holds 18x 0.75 litre bottles. The temperature of the cabinet is adjustable between +5°C...+18°C. Temperature control and display are located inside the unit. The fans provide a constant cold air circulation throughout the cabinet. The refrigerant is environmentally friendly R600a.

The wine closet has six wooden shelves. LED illumination gives bright and even light and brings drinks to the fore. The light has a separate

switch, so closing it does not turn off cabinet cooling.

The exterior and interior liner of the appliance is black-painted. The right-hand tinted glass door frames and the entire door handle length are stainless steel. The door's handedness is interchangeable. Smooth surfaces, removable shelves and automatic defrosting make it easy to keep the device clean.

- glass door, whose handedness is interchangeable.
- capacity 18 pieces/750 ml bottles
- net volume is 57 litres
- temperature adjustment +5°C...+18°C.
