Description

One-step cleaning for coffee brewers, jugs and containers.
By running a brew cycle with a tablet in the basket, users can simultaneously clean both the brew basket and jug/container beneath it.
Tabz is formulated with a blue dye to ensure safe usage in busy commercial environments.
This product does not contain phosphates.
Each tablet is 20.0 mm in diameter and weighs 4.0 g.

How to clean batch brewers:

- place the tablet in the empty filter basket
- brew water into the jug or container
- empty the jug/container from water containing the cleaning solution
- brew two times with water, no cleaner
