Glass door cooler Metos Maxiglass Noverta MG2/315SD with sli

Product information

SKU	4146634
Productnaam	Glass door cooler Metos Maxiglass Noverta MG2/315SD with sli
Afmetingen	1350 × 536 × 900/910 mm
Gewicht	95,000 kg
Capacity	333x33 cl btl, net 315 L
Technical information	230 V, 6 A, 0,46 kW, 1NPE, 50/60 Hz, 48 dB
Type of the refrigerant	R600a
Quantity of refrigerant [g]	85

Description

The Metos Maxiglass Noverta MG2/315SD glass sliding door cooler is mainly designed to display bottled drinks and beverage containers in an aesthetically pleasing manner as well as the preservation of various drinks at a suitable temperature. Enhanced technology and unit components make the cooler more energy efficient and therefore more environmentally friendly without having to make any compromises in the appearance of the unit or its cooling capacity.

The cooler has a capacity of 315 litres and holds 333 0.33 l bottles. Effective and energy-efficient fans ensure the uniform and quick

circulation of cold air in the entire cooler. Refrigerant R600a used is environmentally friendly. Cooler temperature can be adjusted between +1°C...+18°C (factory setting +4°C... +8°C). Temperature regulation and indicator are located on the exterior surface of the cooler. Glass door frame and guard plate are anthracite, the exterior of the unit is comprised of an anthracite and steel lining. Handy sliding doors do not take up space, so that the cooler can be readily used in tighter spaces.

The Metos Maxiglass Noverta MG2/315SD glass sliding door cooler has six adjustable flat shelves. LED lighting provides bright and uniform lighting and temptingly accentuates the drinks. The lighting has a separate switch. When the lighting is switched off, the cooler will continue to be cooled.

Smooth surfaces and removable shelves and shelf carriers simplify the cleaning of the unit. The cooler has rapid automated defrost function, featuring evaporation of defrost water. The door has a lock.

- three sliding doors
- capacity 333/0.33 l (Ø60 mm) bottles
- volume 315 litres
- the temperature can be regulated between +1°C...+18°C
- two adjustable flat shelves
- door lock
- LED-lighting
- door frame and kick plate are anthracite, the frame is anthracite and steel lining.
- replaceable door seals
- automated defrost and defrost water evaporation
- electronic thermostat
- refrigerant R600a

SUPPLIED SET INCLUDES:
