Description

- one brewing unit and hot water tap
- suitable for medium restaurants, small hotels, convenience stores and coffee shops
- automatic water filling
- brewing volume 0,5 - 4,0 ltr
- brewing time 4-6 minutes / 4 liter
- can be used with 4 ltr termos dispensers
- simple to use digital control panel
- pre-wetting, pulse brew, brew time and brew volume programmable
- cascading spray dome(CSD), water flows over the outer surface instead of through tiny drain holes (competitor models) that can easily become clogged with mineral and scale over a short period of time. Because of its revolutionary design, the CSD completely eliminates spray head lime

buildup - a leading reason for service calls. Fewer service calls means lower operating costs and more time producing revenue.
