Description

The continuous operation function and the pulse function will ensure an easy blending.
Using this mixer with optional accessories is more convenient and flexible than ever.

Total length of this handy mixer is 753 mm, the length of the shaft is 410 mm and total weight is 4.5 kg.
The handle provides a firm grip and makes it easy to keep the device in the desired position. The motor frame is made of impact resistant plastic and the shaft is stainless steel with a titanium-plated blade.
This mixer is easy to clean thanks to the detachable mixing shaft.
