Slicing machine Metos Suprema PEG350G

Product information

SKU	4080340
Productnaam	Slicing machine Metos Suprema PEG350G
Afmetingen	490/800 × 615/800 × 540 mm
Gewicht	44,000 kg
Capacity	0-14 mm slices
Technical information	400 V, 0,33 kW, 3NPE, 50 Hz

Description

Metos Suprema PEG350G is a slicing machine designed for demanding professional, offering a reliable and versatile alternative for the needs of restaurants and shops. The robust construction of the machine, well-designed ergonomic details and easy cleaning make the machine suitable for intensive versatile use for cutting various products. The aluminum body of the device is designed so that it does not have sharp corners that collect dirt and interfere with cleaning.

The Suprema line consists of PEG315G, PEG350G and PEG370G slicing machines, which differ in terms of cutting capacity.

- Gray aluminum frame
- Blade Ø350 mm, inclined 38°
- Built-in, removable sharpener
- Gear transmission
- Start / stop switch with indicator lights
- Very thin residual product to minimize wasted material

- Liquid collection tray integrated in the casting for perfect hygiene and cleaning

Cutting capacity:
- Rectangular product: 285x215mm, round product: Ø230mm
- Slice thickness adjustable from 0 to 14 mm
