Description

Small enough to be put on a table Metos Ice Point 2.0 ice cream scoop display is a compact and easy-to-move showcase for ice cream serving. Ice cream scoop display can fit two 5-litres ice cream packs.
Thanks to its compact size and white colour this ice cream scoop display can be put for instance on a dessert table, where the customers can scoop their portions themselves. A see-through plastic cover provides a clear view inside the showcase reducing its unnecessary opening and thus keeping the cool air inside the device.
This ice cream scoop showcase has temperature range of -10ºC...-25°C, ice creams should be placed in the freezer overnight.

- for two ice cream packs of 5 litres (dimensions 360x165x120 mm)
- see-through plastic cover
- temperature -10ºC... -25°C

- LED-light inside
- static cooling
- manual defrosting
- mechanical thermostat
- refrigerant R600

ACCESSORIES (to be ordered separately):
