Description

Thanks to its compact size and white colour this ice cream scoop display can be put for instance on a dessert table, where the customers can scoop their portions themselves. The LED-light inside brings attention to the ice cream and the plastic cover provides a great view inside the freezer, reducing its unnecessary opening and thus keeping the cool air inside the device. Display's net volume is 39 litres.

- for three ice cream packs of 5 litres (dimensions 360x165x120 mm)
- see-through plastic cover
- temperature adjustment interval -10°C...-25°C. (this is ice cream showcase not a freezer, ice creams should be placed in the freezer overnight)
- net volume is 39 liters

- LED-light inside
- static cooling
- manual defrosting
- mechanical thermostat
- refrigerant R600
